

SERENDIPITY VILLAS

VILLA AMALFI

This beautiful and very modern luxury villa is situated in Amalfi, roughly .02 miles from the town center. Villa Amalfi is situated on an immense piece of property and boasts a private walkway from the villa directly down to a small, private beach area. The walkway takes you through different levels of the villa, down to where the Jacuzzi (seats 7 people), sauna, and small gym are located. Completely restored in 2006.

The 200 year old property was completely and patiently restored over a 3 year period.

Villa Amalfi, one of the coasts largest, offers a small, private, gated parking area for two cars, located just outside the front door. The villa is a 5 story villa, but there are an additional 6 levels of terrace space which can be used by the guests, which go directly down to the water front.

There is 15,000 sq. feet of private park with direct access to the sea. Arrival to the villa is possible both by land and directly by sea
