

SERENDIPITY VILLAS

Villa Benessere is perfectly located, in the heart of the Lake Como district, close to many of the lake towns. The villa is roughly 45 minutes from Malpensa airport (Milan) or Agno in Lugano. The property is located in a super-panoramic area that allows guests to use all means of public transportation with ease.

This unbelievable four-story villa was completely renovated in 2009 and boasts all of the most modern amenities available. Entrance onto the property is off of the main coastal road through a private, electric gate. The entire property, including the gated entrance, has closed circuit TV and video surveillance for maximum security. A small drive up a short, curvy driveway through the garden leads to the entrance parking area with ample parking for more cars than necessary, a beautiful stone fountain & large waterfall.
