

SERENDIPITY VILLAS

Villa Mosaico is perfectly located, in the heart of the Lake Como district, close to many of the lake towns. The villa is roughly 45 minutes from Malpensa airport (Milan) or Agno in Lugano. The property also enjoys a wonderful guest villa, which can sleep an additional 11 guests (Villa Pesca).

Villa Mosaico is one of Italy's national monuments. It was built in the 1700's by a famous Count who was granted the property by a Northern Papal family. Many famous residents have passed through including some of Italy's most renowned opera writers.

The Swiss architect, Felice Soave, designed the house to have a simple symmetrical façade with a richly elaborate interior. The ceilings on the public rooms as well as in the bedrooms are ornately decorated and painted. The floors are a beautiful mixture of Cotto from Lombardy, Seminato, and dark antique wood. The villa is filled with beautiful paintings, sculptures, rugs, tapestries, and Venetian chandeliers.
