VILLA SOLE CAPRI

Situated in Monticello, in the Cala del Rio quarter, lies this spacious, modern luxury Italian villa surrounded by a landscaped garden. The villa can be reached by car or by a 10-minute walk from the main square in Anacapri. It lies in the suburban section of the characteristic area of the town of Anacapri known as Le Boffe, with its many ancient little houses and charming squares. The villa's position allows you to enjoy fantastic views out over the Mediterranean and towards the islands' most exclusive areas and private properties.

The villa is structured in a modern style but is simply furnished. All bedrooms are furnished in the same style. The spacious garden is very well maintained, grass, palm trees and plenty of flowers (Bougainvillea, Hibiscus, Geraniums, red, pink and white Iceberg roses, and old olive trees). The patio is furnished with a marble topped iron table and 4 lounge chairs. The interior of the house is simple yet comfortable and modern; a real family house.
