

SERENDIPITY VILLAS

Villa Viginus is located among several luxury properties and small gardens in the upper part of Positano, on the Amalfi Coast. The villa, situated along a small alleyway in a quiet, residential area, sits atop a rocky ridge, against one of the most beautiful backdrops of the world. Its location, in the upper part of Positano, offers wonderful, panoramic views over the entire town and the Li Galli islands.

The villa is reached by walking approximately 200 meters along a pedestrian pathway situated off of the main coastal road that passes through Positano. There are approximately 90 steps that lead from the main coastal road up to the pedestrian pathway, and another 47, which take you to the front entrance of the Villa.
